About Avantika University

Avantika University is India's first design-centered university, envisioned to foster creativity, innovation, and interdisciplinary learning. The university integrates design thinking with management, engineering, and liberal studies to nurture future-ready professionals and thought leaders. With a strong emphasis on research and innovation, Avantika provides an ecosystem that encourages intellectual exploration and industry collaboration.

About School of Management

The School of Management at Avantika University focuses on developing responsible business leaders equipped with analytical, strategic, and entrepreneurial skills. The school promotes research-driven teaching and actively supports faculty and scholars in publishing, consulting, and funded research initiatives.

About Student Development Program

This 5-day online SDP is designed to bridge the critical gap between academic research and its practical, intellectual, and financial outcomes. While students often excel in publishing research, many are unaware of how to protect, commercialize, and secure funding for their work. This program provides a structured pathway to convert research outputs into patents, copyrights, and funded projects.

Program Highlights

- Hands-on training in patent drafting and filing
- Live demonstration of prior art search
- Copyright registration for academic and creative work
- Grant proposal writing for national and international agencies
- Conversion of research papers into fundable project proposals
- Interaction with IP experts, funded researchers, and academicians
- Access to templates, toolkits, and curated resources

Key Learning Objectives

By the end of the SDP, participants will be able to:

- Identify patentable and copyrightable aspects of their research
- Understand IPR frameworks and policies in academia
- Draft patent claims and navigate filing systems
- Register copyrights for academic outputs and software
- Develop competitive research grant proposals
- Convert research findings into structured funded projects

Mode

Online (Live Interactive Sessions)

Certificate

Participants who successfully complete the SDP will receive an e-certificate of completion.

Schedule and Topics

Day	Date & Time	Session
Day 1	18th Aug 2026 11:30 AM - 12:00 PM	Inauguration
	18th Aug 2026 12:00 PM - 01:00 PM	Foundations of IPR
Day 2	19th Aug 2026 11:00 AM - 01:00 PM	Copyright for Academics
Day 3	20th Aug 2026 11:00 AM - 01:00 PM	Grant Writing and Project Development
Day 4	21st Aug 2026 11:00 AM - 01:00 PM	Effective Research for IPR
Day 5	22nd Aug 2026 11:00 AM - 01:00 PM	Patent Filing

Who Should Attend

- UG & PG Students (All disciplines)

Registration Details

- Program Duration: 5 Days
- Mode: Online
- Registration Fee: ₹200
- Last Date to Register: August 15, 2026
